

SUMMAYI

(all vocals, composing and lyrics, arrangement and instruments: Iris Camaa, backvoc. Hubert Tubbs)

another mystery of life

Mantra: Dummayí Summayí
Summayí Summayí....

Got to make me feel 2x
Got to make me feel (good)

We are walking through the fields in the valley above
and the sky and the air reflect plenty of love
watch the birds and the clouds and the sunshine
or
check it out, tears in the sky,
Say what had happened, all of a sudden
A million of weapons, 'though the black brother
On the corner may shout and
The white sister may shout as loud

Got to make me feel 2x
Got to make me feel (good)

DING DONG

(all vocals, composing and lyrics: Iris Camaa, arrangement, programming, bass, keys : Ivan Ruiz Machado, guitar: Ariel Ramirez)

Chorus:

DING DONG 2x

I can get no

Oh DING DING 2x

Thoughts are spinning deep so deep

DING DONG 2x

I can get no sleep

Thoughts are spinning deep so deep and taking oh, oh all my sleep

Wa, Wa , Wa, Wa, What's going on with me

No way baby can't you see

Wa, Wa, Wa, Wa, Wanna rest in peace

I can get no sleep

There's a lot of lovin' on my mind

No way baby, such a kind

Giving' me a perfect hugging

Loving and kissing

I've always been missing

Repeat Chorus

Wanna rest in peace

Cause baby, you don't know how much you mean to me

Cause you don't know

I'm asking, please, oh can't you see

What you mean to me

Baby, can't you see

I can't get no 3

Don't give up

(lead and background vocals , composing and lyrics: Iris Camaa, arrangement, programming, all instruments, : Ivan Ruiz Machado, guitar: Ariel Ramirez)

don't give up 3x and see what nature can do, don't give up

Don't you see that the world built a bitter lie
by - day to day - giving hope 'though you can't rely
on what you see, what you hear,
what you feel, is it true baby, is it real

Is it true that soon we all have to die
can the bible give hope and stop us cry
cause there's so much fear, and although, we got lost and lost my dear

Say don't don't give up baby
never gonna bring you down
keep your feet on the ground 2x
and see what nature can do
don't give up cause they try

Chorus:

The birds are still flying
All creations are trying
The best they can do
Cause they try to convince you

Chorus:

Down, down
Keep your feet on the ground...

EXPECTATIONS

(all vocals, composing and lyrics: Iris Camaa, arrangement, bass, keys : Ivan Ruiz Machado, guitar: Ariel Ramirez, drums: Shayan Fathi)

Got you didn't I
you waited hour for hour
staring at your phone
just took the rest of your power
what has happened baby
why didn't I call
does it turn to be a problem
now I do the things that you've done to me

hello baby, I waited for you
do you remember me
you promised to miss me too
that doesn't seem to be.

Chorus

Well, expectations will disappoint you baby
unsolved patterns in your life,
will maybe offer a chance to make you open your eyes
expectations are just as good as telling lies
about yourself

got to tell you lies, don't wait don't try don't tell me lies

(from the top)

it is going to make my day
I can't describe how I feel right now
You have to find someone lovely as I am
And no one will ever know, that you can never reach me
Open up my day, cause you make me feel that way
Every thing that you say is out of my brain
Come on baby, come on baby
You got to tell me what to do, what to do,
And I can tell you no more than
You're no more my man, out of my mind

JOY!

(all vocals, composing and lyrics: Iris Camaa, arrangement, programming, all instruments: Michael Dörfler)

I feel JOY! I feel JOY! JOY!

I feel JOY!
when u look into your eyes
when u hold my hand so tightly
when u whisper words so sweet
all I wish is to have u here beside me.

JOY!

cause I'm very proud of u
cause u make me feel exited
cause u look at me that way
and u feel exactly, what I feel about u.

JOY!
when u are staying over night
kiss me over and over
oh, when we are making love
and we're crying, cause we feel so good together

Bridge:

Eye to eye,
diving deeper and deeper
goose pimples every where
your hand in my hand
your smile, an endless light
wanna smell u
wanna taste u
wanna make u loose your mind

Endless – loving – come on – praying – sweetie– honey –come on – motivate me if u can

I feel JOY!
when u shout out my name
just being beside u baby
when u try to steal a kiss
u are there for me when ever I need u

JOY! Making love, to the heaven above...

Life ain't no - funky go

(all vocals, composing and lyrics: Iris Camaa, arrangement, bass, keys : Ivan Ruiz Machado, piano: Bernhard Eder, guitar: Ariel Ramirez, sax: Sebastian Grimus, drums: Shaya Fathi)

Chorus: Life ain't no good

Watch your neighborhood

Life ain't no

Watch your neighborhood 2x

Life ain't no good, I'm talking to u stranger,

Don't u know that life ain't no good, you'd better watch out

Talking about the situation

Watch the people and their funny faces

Well, every time u are around these places

U are scared of unknown races

(I'm talking 'bout all unknown races)

Chorus:

Every body trust to find

A place to stay and hide behind

Open up and u will see

That help could be to trust in me

Let me tell u what to do

Don't be scared, I'm talking to u babe

Never talk to strangers on your way

Don't be scared to free your day.

Chorus

I'm talking 'bout all unknown races

Love is real

(all vocals, composing and lyrics: Iris Camaa, arrangement, programming, bass: Ivan Ruiz Machado, arrangement, guitar: Ariel Ramirez, keys: Bernhard Eder, trombone: Nelson Williams, sax: Sebastian Grimus)

Higher, higher, higher

Chorus:

Love is real

baby can't u feel my love is real

Taking us higher

Love is real, baby can't u feel my love is

If I don't see the sun, if I don't feel the rain

I can not hide my love from u ♡

If I don't trust in what we had been building, love

I can not hide my love from u ♡

Cause all I see is just a memory

And what I feel is no longer real

Chorus: 2x

can't u feel my love ♡

Wishing u are by my side, got this feeling deep inside

Love is so endlessly, that's why I'm here, can't u see,

loving u is oh so right, the time we share together, now it's time for love

This time we care forever

Can't u feel my love is real

Chorus: open end

Loving heart

(lead and background vocals, composing and lyrics: Iris Camaa, background vocals: Hubert Tubbs, arrangement, programming, all instruments : Ivan Ruiz Machado, guitar: Ariel Ramirez)

All life long I prayed to god
Please send me just a loving heart
And now you're here
From heaven sent above

I did believe and trust in me
Deserving once a family
My time has come
my miracle is real

that's not the way, the way I go, that's not the way I go

Chorus:

Cause I'm in love brother
And There can be no other
Make my heart beat real sweet
I'm your soul sister
You make me tuff and whisper
You are my choice mister, indeed

(Repeat from the top...)
talking about the situation
make me feel alright
every moment that I saw,
baby you're my sunlight,
can you feel it

cause it was lovin' 2x
loving at first sight
you got to get 3x can you feel it

I give you all my love 2x, I'm telling you the truth
I give you all my love 2x

But I can not believe
I've been wasting so much time
when will I learn not to be with a man
who could never be mine

waiting and trusting
one day my wishes will 'come true
got to face reality, no more me and you

got to face reality baby, got to face reaaa
never, ever, never ever

Chorus: 4x

After all those years babe
I've been through so much fear
Can not handle this no more
Like I tried to do before

Making me feel o baby, baby, oh
Making me feel alright, It's a waste of time,
you can never be mine

Chorus: 4x and more often

I'm a lot of woman, I'm not a substitute
